SPORTS & FITNESS SCALES

Model WH-1062

Befour's WH-1062 weight and height measurement scale features our Opti-Height Optical Stadiometer System. The WH1062 quickly determines weight, height and BMI. With a weight capacity of 650 lbs., +/- 0.1lb accuracy, and MotionLock technology, which provides an accurate weight of unsteady users, this scale is an exceptional value.

The incredible battery life provides years of use on a single set of batteries—no outlet or recharging needed.

FEATURES & BENEFITS:

Pin point accuracy of ± 0.1 lb.

High capacity: 650 lbs.

Body Mass Index: Automatically calculates and displays BMI

Push Button Calibration: Set calibration via keypad entry without the need of tools

Rugged and durable all-metal construction

Display Console: LB/KG lockout, programmable settings, BMI output, and more highlighted in right-hand column

Optical **Height Measurement:** Simply lower the foldable headpiece to rest on top of head, press HEIGHT & measurement occurs instantaneously. Height can be viewed in selectable units and displays automatically

MOTIONLOCK Accurately calculates the weight of an unsteady user

SPECIFICATIONS:
