## THE 2500KL

# DIGITAL WHEELCHAIR RAMP SCALE

## THE 2500CKL

# DIGITAL WHEELCHAIR RAMP SCALE WITH FOLD AWAY SEAT

The all-digital 2500KL supports up to 1000 pounds and provide the optimum in quality, reliability, and ease of use. The wide and low profile platform accommodates wide wheelchairs and provides a comfortable weighing experience for patients. Designed to meet the needs of doctor's offices, hospitals, clinics, and acute and long-term care facilities, the scale's keypad features antimicrobial protection, a display head that swivels 180°, a large non-skid low-profile platform, and wheels for easy mobility and allow for convenient placement.

The 2500CKL is perfect for use with standard-size wheelchairs or to safely weigh patients who need to be seated.

The scale's high-contrast color screen provides a user friendly interface that includes BMI, hold/release, reweigh, recall, zero, KG/LB, tare, pre-tare and more. The exclusive Everlock® function allows the measuring unit (LB or KG) to be permanently locked on the scale. The scale provides easy integration and seamless communication with today's EMR applications, the 2500KL and 2500CKL include a USB interface for connectivity with a computer, EMR software, or other electronic devices via various Health o meter® Professional Connectivity Solutions.
